

MORE MATCH 'EM UP

5. Prefer deeper depths and warmer temperatures. Normally solitary creatures. Can weigh up to 120 pounds.

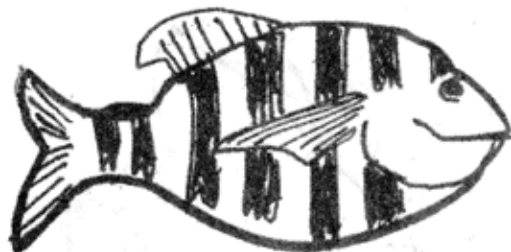

Black Sea Bass

6. Has bright gold spots. A cousin to the more famous kingfish.

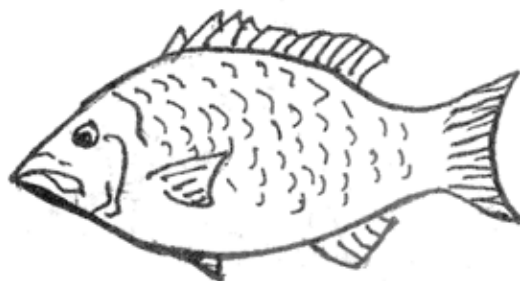

Spanish Mackerel

7. Their population is being overfished because they are so flavorful. It has nicknames like "Ruby Lips," "Genuine Red," and "American Red."

Sheepshead

8. Its nickname is "Greenhead" or "Garbage fish." Changes from female to male as it gets older.

Red Snapper

9. Their teeth look like a sheep's teeth. Its nickname is the "convict fish" because it has stripes and steals bait from an angler's line.
